First Homes – Making Homeownership More Accessible
The three apartments at Oaklands are available through the Government's First Homes scheme, an initiative designed to make homeownership more accessible by offering eligible first-time buyers a discount of at least 30% against the property's open-market value.

Unlike shared ownership, purchasers own 100% of their property, with no rent payable on the discounted portion. The scheme is specifically designed to help people establish themselves on the property ladder, with eligibility requirements ensuring that these homes are made available to qualifying buyers.

Who Is Eligible?
To purchase an apartment through the First Homes scheme, buyers must meet the following criteria:

- First-time buyers: All purchasers must be aged 18 or over and must be first-time buyers.
- Household income: The combined annual household income must not exceed £80,000 before tax, whether purchasing individually or jointly.
- Mortgage requirement: Purchasers must be able to obtain a mortgage covering at least 50% of the discounted purchase price.
- Main residence: The apartment must be purchased as the buyer's only or principal residence.
- Local connection: Buyers must meet Mid Sussex District Council's local connection requirements during the initial marketing period.

Mid Sussex Local Connection Requirements
To meet the Council's local connection criteria, applicants must satisfy at least one of the following:

- Have lived within the Mid Sussex District for a continuous period of at least 12 months before exchange of contracts.
- Have a parent or child who ordinarily resides within the Mid Sussex District.

Certain exemptions apply to serving and former members of the Armed Forces and qualifying family members. The local connection requirements normally apply for the first three months of marketing and may subsequently be relaxed in accordance with the scheme rules.
